ILLUSTRATED PARTS LIST GDS102

DUAL TX/RX PCB	PC-G051	
----------------	---------	--

10,4" Colour Screen	KY-G003	SHARP LQ104V1DG51
High voltage inverter	ZAA-01137	

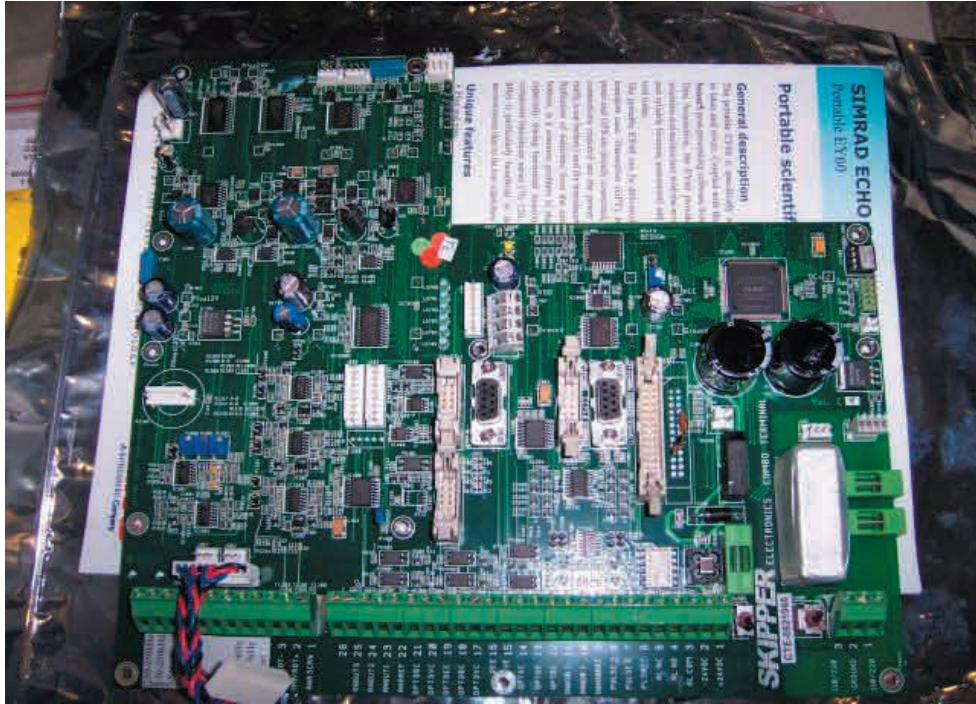

Note!

If front glass is damaged this is very inconvenient to repair in field.

We recomend to change the complete front plate with overlay and front glass

Front plate Colour	SA-G041	With front overlay and front glass
--------------------	---------	------------------------------------

PCB Combo Terminal for GDS102	PT-C051	
-------------------------------	---------	--

PCB Combo Motherboard	ZZZ-030009	
-----------------------	------------	--

PCB Combo Keyboard	PK-C002	
--------------------	---------	--

PCB Combo I/O board	PI-C051	
---------------------	---------	--

PCB CPU Pentium	PC-C051	Setup ready, with RAM
-----------------	---------	-----------------------

RAM 64MB	ZZZ-010029	Part of CPU board PC-C051
DiskOnModule	ZZZ-030020
