

## Service data bulletin

Instrument: Combo and standard tank

Date: 08.06.2010 Created by: Geir Theodorsen

**SUBJECT:** Tool for install/remove Packing Nipple in Combo tank and Standard tank.  
Valid for speed log sensors and Echo Sounder transducers

The Packing Nipple (PG-Nipple) is difficult to access inside the tank.  
The tool originally sent with sensor/transducer sometimes not good enough.

An open ring spanner is available for access of Packing Nipple.  
Part number ZOA-01115 Open Ring Spanner 27mm

**Open-ring spanner Metric, 1950M**  
**Finish:** nickel and chrome-plated, fine-polished.  
**Material:** VANADIUM-EXTRA.  
 Crowfoot spanner, flare nut.  
 as per DIN 3120/ISO 1174.
