

Dear **[[customer.name]]**,

Welcome to the November newsletter from SKIPPER Electronics AS.

End of introduction price for DL2 retrofit to DL850 540 kHz!

SKIPPER has now for more than 2 years distributed the DL2 retrofit solution to DL850 540 kHz version for a reduced price. The DL2 is a dual axis doppler speed log with docking functionality included. The DL2 will provide Speed Through Water (STW) and Speed Over Ground (SOG) simultaneously.

The price for this solution will be normalized from January 2020.

The retrofit solution consist of the following products:

- CU-M001-SB DL2 PanelPC 9inch touch display
- JB70D2-SA Electronic Unit for DL2 Dual Axis Doppler Speed Log
- DL2SE-SA Log sensor DL2 for ETNSLB Gate Valve 100mm (40m cable included)
- JB12-SA Junction box, 12 pole
- ETNSLB-S-KIT Gate Valve service kit for ETNSLB Valve (O-Rings/Gaskets)

This installation does not require diver or dry-docking.

[Please download the manual for this retrofit solution here!](#)

Please order your system this year in order to receive the reduced price. Send your RFQ to sales@skipper.no.
