Dato: 11. april 2018 16:13:37

Dear Sigurd Paulsen,

Welcome to the March newsletter from SKIPPER Electronics AS.

Ninglu Anemometer with new design:

The Ninglu AM706 Anemometer now has a new design. The colours are changed, but the quality is kept at its best.

Features:

- High resolution wind speed (0.1 m/s) and direction (1 degrees)
- Temperature resistant and moisture proof mechanic desing and salt proof
- 7inch high brightness LCD display
- Digital and analog display

More than 2000 units is already in the market.

Please send your RFQ to sales@skipper.no.

Latest customer feedback from SKIPPER ESN100 Echo Sounder:

The Norwegian Cruise Vessel M/S Vesterålen "Hurtigruten" retrofitted the SKIPPER ESN100 early this year and the feedback is tremendous. From the master of M/S Vesterålen:
"The ESN100 is installed and it is running with auto-settings. We detect bottom from approx. 1,5 m to approx. 600 m. The echo sounder is working impressive!"

Please send your RFQ for the SKIPPER ESN100 to sales@skipper.no.
