

Dear **[[customer.name]]**,

Welcome to the December newsletter from SKIPPER Electronics AS.

**Merry Christmas & Happy New Year!**

As the holiday season is upon us, we find ourselves reflecting on the past year and those who have helped to shape our business. It's been quite a year for us all! We hope that 2017 has been just as memorable for you, your colleagues and your loved ones. We look forward to working with you in the years to come.

**SKIPPER Electronics AS is closed the following days:**

- 25. December 2017
- 26. December 2017
- 01. January 2018

## **SKIPPER DL2 to retrofit to DL850 540 kHz Sea Valve (ETNSLB):**

We have now launched a retrofit solution including the new [SKIPPER DL2](#) to fit into the existing ETNSLB Sea Valve used by the DL850 540 kHz version (ETNSLB).

We have managed to make this solution price competitive including all needed electronics and hardware, so please send your RFQ to [sales@skipper.no](mailto:sales@skipper.no)!

The SKIPPER DL2 is a dual axis doppler speed log including Speed Over Ground (SOG) and Speed Through Water (STW). It will also include the docking functionality (three axis) when connected to the ROT. The SKIPPER DL2 even have the possibility to show sea current in both speed and direction.

For more information regarding SKIPPER DL2 - enter here: <http://www.skipper.no/navigation-speed-logs/253-skipper-dl2>

### **SKIPPER Company Evaluation**

SKIPPER would like your feedback regarding our products and service. The evaluation will take 2 minutes. Please enter the evaluation here: [Company Evaluation](#)

### **Service courses 2018**

We are still evaluating the possibilities for training courses next year. Please sign in your interest for the desired course and we will evaluate the total interest for each course. We have the following courses to evaluate for 2018, but the dates and places are not yet settled (please click on the course you are interested in):

[Training/service course in South Korea](#)

[Training/service course in Singapore](#)

[Training/Service course in Australia](#)

[Training/Service course in China](#)

[Training/Service course in Dubai](#)

[Training/service course in North Europe](#)

[Training/Service course in South Europe](#)

[Training/Service course in USA](#)

[Training/service course in South Americas](#)

Please send an e-mail to [support@skipper.no](mailto:support@skipper.no) if you would like a course to be held in a different location.

**Best regards,**
