

Welcome to the Summer newsletter from SKIPPER Electronics AS.

## SKIPPER Electronics on Nor-Shipping

We will thank everybody that used time in the SKIPPER booth during the exhibition. We hope that we satisfied your search for SKIPPER Speed Logs and Echo Sounders, and please feel free to contact us for any questions regarding SKIPPER products.

### Ninglu AM706 Anemometer

The Ninglu AM706 Anemometer is ready to be ordered! It has high resolution wind speed (0.1 m/s) and direction (1 degree). The anemometer is temperature resistant and has a moisture proof mechanical design.

The display is a 7" high brightness LCD with 9 levels adjustment. Data output is NMEA0183 for wind speed and direction.

For more specifications feel free to enter this web

site: <http://www.skipper.no/anemometer>

Please send your RFQ to [sales@skipper.no](mailto:sales@skipper.no)

## SKIPPER Electronics will have reduced staff throughout July:

Due to summer vacation we will have reduced staff throughout July.

### SKIPPER Company Evaluation

SKIPPER would like your feedback regarding our products and service. The evaluation will take 2 minutes. Please enter the evaluation here: <http://www.skipper.no/company-evaluation>
