

**Dear Sir/Madam,**

Welcome to the Summer newsletter from SKIPPER Electronics AS.

**SKIPPER will launch the EMES60 this Autumn!**

The brand new SKIPPER EMES60 is a combined Echo Sounder and Electromagnetic Speed Log (STW) integrated into one sensor!

Only one hull penetration is needed! The two systems are totally separated internally.

The system consists of:

- 2x touch screens (one for the Echo Sounder and one for the EML)
- Dual universal interface unit
- Dual power supply and junction box
- Dual sensor with 40 m sensor cable
- 60 mm Sea Valve housing

Please contact [sales@skipper.no](mailto:sales@skipper.no) for your quotation.

**Training Courses 2018**

The following training courses are scheduled for 2018:

Date	Place	Host Comany	Duration (Days)
10-13th. September	Oslo, Norway	SKIPPER Electronics	4
13-16th. November	Singapore	Jason Electronics	4

**Packing material**

According to new shipping regulations we now need to use extra packing materials for all shipments.

We are therefore forced to charge a fee for this extra packing materials.

We hope that this will be appreciated, and we also are sure that our products will be more protected during transport.

These extra packing materials may also be re-used when delivered.

**SKIPPER** **Company Evaluation**

SKIPPER would like your feedback regarding our products and service. The evaluation will take 2 minutes. Please enter the evaluation here: [Company Evaluation](#)

**Best regards,**
