Sales

SKIPPER Electronics with success at Nor-Shipping 2015

SKIPPER Electronics was present with a great location during Nor-Shipping 2015. Most of our good customers visited our stand, and had the chance to be familiar with the new SKIPPER MULTI range of products. This included the latest SKIPPER DL2, DL21 and DL1 MULTI. We were also able to present the upcoming new SKIPPER ES1 to be released in Q1 2016.

Developing manager Paul Connelly launched the new SKIPPER MULTI range of speed logs with great success!
