

Welcome to the May edition of the SKIPPER Newsletter.

Sales

SKIPPER Electronics at Nor-Shipping 2015

SKIPPER will be present during Nor-Shipping 2015, 2-5. June in Lillestrøm, Norway.

Please use this opportunity to get to know the new SKIPPER Doppler Speedlogs; SKIPPER DL2 and SKIPPER DL21. The new Echo Sounder, SKIPPER ES1, to be launched in Q4, will also be at display.

SKIPPER's booth is situated at B03-12. Send an e-mail to sales@skipper.no in order to arrange for a meeting.

For more information regarding the exhibition please visit their web site:

<http://www.messe.no/nor-shipping>

MED-B Certificate is now available for SKIPPER DL2 and DL21:

DNVGL has issued the certificate for SKIPPER DL2 and DL21. Included in the certificate is also SKIPPER DL1 and DL1-Multi. [Please download the certificate here!](#)

According to the certificate the DL21 has been found to comply with the requirements of MSC.334(90). The MSC.334(90) states that all vessels above 50 000 GT shall install two speed logs, one for STW and one for SOG (vessels built after 1. July 2014).

Transducers for new SKIPPER Echo Sounder:

SKIPPER is now in the middle of developing new IMO Wheelmarked Echo Sounders for navigation (SKIPPER ES1, ES2, ES4 and ES6), and will release these in Q4 2015. We aim to make these ideal for use in retrofit. In these cases the transducer is often still ok but the electronics needs replacing.

To aid this we want to approve the system with as many "old" and "current" transducers as possible. If you have a transducer you want to be approved with our new Echo Sounders, then we need to get hold of the transducer! Please inform us regarding this, and we will arrange for the shipment. Please send your request to support@skipper.no.

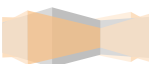

New Certificate for the SKIPPER Multirepeater (CD401MR-SB):

[The new certificate for the Multirepeater is downloadable here!](#)

Company evaluation

SKIPPER would like your feedback regarding our products and service. The evaluation will take 2 minutes. [Please access the evaluation here!](#)
