25 year anniversary for Kjell Tørrisen:

Kjell Tørrisen has now been working at SKIPPER Electronics for 25 year!

He started in 1987 and has been faithful to our company ever since. He has mainly been working in our service department, and has been visiting customers worldwide for many years.

We celebrated this in our office, and a golden watch was given to our jubilant! A 25th anniversary is an exceptional achievement. Kjell's dedication to work, the company, customers and coworkers is greatly appreciated

Thank you **Kjell!**

SKIPPER Electronics at SMM 2012:

SKIPPER was present during SMM 2012, and it was a lot of visitors during this exhibition. We were only visiting, but managed to get several positive meetings. It is good to see that SMM still is one of the largest exhibitions in the world and that it was really crowded during the days we where there.

Technical

Training course in Oslo 10. And 11. September 2012:

SKIPPER has just held a training course in our office in Oslo. The course was attended by several companies:

TRANSAS MARINE INTERNATIONAL	Germany
TRANSAS MARINE INTERNATIONAL	Sweden
