

Welcome to the summer edition of SKIPPER Newsletter.

Sales

DIRECTION FINDER VHF TD-L1630 – End of life:

The TD-L1630 from Taiyo will not be produced anymore. We have a small number on stock (First come – first serve).

The TD-L1550 will still be produced and are readily available from our stock.

New software on GDS101 Echo Sounder:

New software is now available for the GDS 101 with a number of minor fixes in it, and the following new feature:

- Logging: The system now logs onto the external compact flash in either raw format or CSV format. This allows your depth and input GPS info to be copied into a spreadsheet. Once the disk is full it will loop or stop.

Version 5.05.13

The software and manual are available shortly on the SKIPPER web pages.
