EML224 Compact with SAGEM adapter:

SKIPPER has now developed, and is in these days testing a new adapter to the EML224 Compact in order to work with the old SAGEM Speed Log. Please contact us for more details.

NOR-FISHING 2010:

SKIPPER Electronics will be available at NOR-FISHING with stand G-718, 17. – 20. August 2010. Please feel free to visit our stand at this fair, and contact us if you need a special appointment during Nor-Fishing.
Please contact us if you need electronic e-invitations.
