JB40POW-SA

JB40POW-SA. Junction box with power and buffer

Specifications

| | |
|---|---|
| Used with one of the following sensors: | EML224Sx-xx. Electromagnetic speed log sensor DL1Sx-xx. Doppler log sensor SL-SN300-xx SATLOG GPS and GLONASS antenna |
| Power Supply | 20 - 32 VDC and/or 115/230VAC |
| Power consumption | Max 30W |
| Power output | 24V to sensor Used with SL-SN300: <5W Used with EML224Sx-xx: <5W Used with DL1Sx-xx: <5W 24V to Display Used with SL1200-SB: <5W |
| Shipping dimensions | 310 x 220 x 120 mm Weight: 2 kg |
| Classification | Accredited as part of IMO systems |
